

Agenda
Workshop on Accelerator-Driven Sub-critical System (ADSS) Experiments
August 19-20, 2004
Idaho Physics Dept. (Room 132), Idaho State University

Thursday, August 19, 2004

8:30	Larry Ford (Office of Research)	Welcome
	Frank Harmon (IAC Director)	Opening Remarks
9:00	Tom Ward (TechSource, Inc.)	DOE perspective & international interests
9:30	Keith Woloshun for Mike Cappiello (LANL AFCI Director)	Overview of Global ADSS Experiments
10:00	Tom Ward (TechSource, Inc.)	Russian ISTC Subcritical Accelerator-driven (SAD) Project (Dubna)
10:30	George Imel (ANL)	European Accelerator-driven Experiments: MUSE
11:00	George Imel (ANL)	European Accelerator-driven Experiments: TRADE
11:30	Keith Woloshun (LANL)	European Accelerator-driven Experiments: MEGAPIE Status (PSI-Switzerland)
12:00	LUNCH (Little Wood Room, ISU Student Union)	
1:00	Denis Beller (ISU-IAC)	Overview and Status of the RACE Project
1:30	Denis Beller (ISU-IAC)	Description of IAC RACE system
2:00	Denis Beller (ISU-IAC)	Modeling of IAC RACE with MCNPX
2:30	Break/discussion	
3:00	McKay Garfield (ISU Physics Dept.)	IAC RACE Operations, Data Acquisition
3:30	John Bennion (ISU Engineering)	IAC RACE Results
4:00	Tour of the IAC, view the RACE accelerator and subcritical assembly	
6:00	BANQUET (Pebble Ski Lodge)	

Friday, August 22, 2003

8:30	James Jones, Dep. Dir. IAC (INEEL)	Accelerator Applications in Homeland Security
9:00	Bill Charlton (Texas A&M)	RACE at Texas A&M and UT-Austin
10:00	Break/discussion	
10:30	John Lee (U of Michigan)	Michigan Computations for ISU RACE
11:00	Keith Woloshun (LANL)	AFCI Accelerator Research at LANSCE
11:30	Frank Harmon	Discussion & Action Items
12:00	Adjourn	

Friday afternoon

Tour of new IAC facilities or depart for home
